Program Effectiveness Statements

Use the space provided in this attachment to record responses to the Program Effectiveness Statements. Ensure that each statement is based on assessment practices and data that support the applicant school's claim to be an exemplary model. Each Program Effectiveness Statement is limited to one page.

Applicants may attach pie charts or graphs to present technical information not of a narrative nature. A smaller Arial font may be used for this information for pie charts or graphs to present technical information not of a narrative nature. This additional information must be included behind the respective Program Effectiveness Statement.
